Anne Schuth, Krisztian Balog

Protest at TREC in 2014

"start listening to users"

- "start listening to users"
 - low agreement between relevance assessments and user preferences

- "start listening to users"
 - low agreement between relevance assessments and user preferences
- "sustainable evaluation"

- "start listening to users"
 - low agreement between relevance assessments and user preferences
- "sustainable evaluation"
 - test collections need to be collected per task

- "start listening to users"
 - low agreement between relevance assessments and user preferences
- "sustainable evaluation"
 - test collections need to be collected per task
- "stop annotator abuse"

- "start listening to users"
 - low agreement between relevance assessments and user preferences
- "sustainable evaluation"
 - test collections need to be collected per task
- "stop annotator abuse"
 - creation of test collections is a tedious task
